WORK EXPERIENCE

WEB DEVELOPER

October 17, 2022 – August 8, 2025

Designed, developed, and maintained responsive websites using WordPress, Elementor. Created eCommerce solutions with Shopify, optimized site performance, integrated third-party tools, and collaborated with clients to deliver tailored web solutions that enhanced user experience and business growth.

ENGINEER I

December 13, 2021 – June 1, 2022

Department of Transportation

Project: Metro Manila Subway Project

As an Electronics Engineer, I coordinate with telecom providers involved in the Subway Project reviewing plans and suggesting solutions for utility relocation.

WEB DESIGNER

May 24, 2020 – June 24, 2022

CorePixel Studio

Designed and built websites for clients using WordPress and Elementor, translating Figma designs into fully functional, responsive sites.

OPTICS SITE ENGINEER

February 4, 2020 – May 4, 2021

Primus@ Knowledge Specialists, Inc.

Client: MEC Networks Corporation – P. Tuazon Blvd., Quezon City

As an Optics Site Engineer, I mainly handle site activation and monitoring, but I was assigned to focus on creating Technical Site Survey Reports for Globe Telecom due to my strong AutoCAD skills.

HEADEND TOC ENGINEER

December 4, 2017 – June 30, 2019

Cable Link and Holdings Corporation

As a Headend Engineer, I maintain the Cable TV feed, monitor HFC network issues, and manage the installation and upkeep of backend equipment that supports TV and internet services.

SOCIAL MEDIA MANAGER / DESIGNER

November 21, 2013 – Present

Master Cedic Enterprises (Family Business)

I handle social media, website design, content creation, graphic design (using Photoshop), and customer service via email and chat for a paper bag manufacturing business.
